Title: A Prophecy of the Coming of the Maid

Author: The Gatekeeper

I have a prophecy.
Note what I am
compelled to tell you
and remember it well.

Change will occur like
the wind. Not from a
storm, but from a
sealed door opening
from within. A girl
will step through the
door and enter the
Realm.

You will not know her
for some time. Then
she will be known by
her actions and
visions.

She will be known as
the Maid.

She will come to lead
those who would
follow. She will
present the people
with a noble of the
Realm in the end.

Bear in mind a
prophecy has many
paths to reach its end.
And the time to travel
such paths is
unknown for now.
Signs will happen in
the days and months
ahead.
